Description

Duct flute with 8 playing holes (7 in front and 1 in the back for the thumb). The dilli kaval is a traditional duct flute from Turkey and Azerbaijan. The name in Azerbaijan is tütak. The word "dilli" is Turkish for "tongued" and alludes to the fact that this flute has a duct or "fipple" rather than being rim-blown like a conventional kaval.

Basic data

Material/Technique: reed
Measurements:

Keywords

- aerophone
- magrés furulya - duct flute
